

Dalton/LSDalton Personal Licence Agreement for release Dalton2016

Dalton/LSDalton release Dalton2016 is an experimental suite of codes for the calculation of molecular properties: DALTON, LSDALTON, scripts for use, and utility programs.

A personal licence for release Dalton2016 means that you and your research group may use and modify the Dalton2016 programs subject to the terms given below. This agreement applies to all revisions of the Dalton2016 release. In the following all references to Dalton2016 refer to all parts of release Dalton2016, that is, all files in the distribution as well as generated object files and executables.

In order to obtain and use Dalton/LSdalton release Dalton2016, you are required to agree to the following terms:

1. Copyright for the source code and the documentation rests with the authors (see <http://daltonprogram.org>) and is not being placed in the public domain.
 - (a) You are required to make sure that no part of Dalton2016 (including executables and object files) is distributed to users outside your research group. In particular, no person leaving your research group may take a copy of Dalton2016 with him/her, unless that person has obtained his/her own licence.
 - (b) You will make sure that no part of Dalton2016 can be accessed by people not included in this licence.
 - (c) You may modify a Dalton2016 program for your own use, provided you state that you have used a modified version of Dalton2016 together with the appropriate reference to Dalton2016 given below.
 - (d) You may not include Dalton2016 source codes, in whole or in part, in any program code you distribute to other users, whether they have a Dalton2016 licence or not, without the specific written consent of the Dalton2016 authors or their representatives.
Contact e-mail address: Dalton-licence@daltonprogram.org
2. No fee may be charged for the use of the Dalton2016 programs or any part of the programs.
3. You accept that the experimental nature of the Dalton2016 programs means that there is no warranty of correctness of results nor fitness for a particular purpose. You understand that the authors of Dalton2016 cannot be held responsible in any way for any consequences arising from the use of a Dalton2016 program. While every attempt will be made to correct any errors reported to the Dalton Forum (<http://daltonforum.org>), the authors of Dalton2016 are not obliged to make such corrections, nor is there any support for users implied by making the programs available.
4. Any published work arising from use of a Dalton2016 program must acknowledge that program. The appropriate citations can be found on <http://daltonprogram.org>.
5. You will see to that other members of your research group using Dalton2016 abide these terms.

I have read and agree to the terms for the use of the Dalton2016 suite of programs.
